NOTE.—1. The Hebrew and French Languages will be taught, when desired, without any extra charge.

2. During the session, besides the expositions given in the recitation room, Lectures will be delivered by the Professors, on the various branches connected with their departments.

3. In addition to the preceding text books, all students, on a regular course, must be supplied with Latin and Greek Lexicons; and it will greatly facilitate the studies of such, to have a Classical Dictionary,—(Smith or Anthon,) Eschenburg's Classical Literature, and Prideaux's Connection of Sacred and Profane History.

SACRED LITERATURE.

The class in this Department is intended to embrace those members of the College classes who are qualified for it, whose parents desire that a part of their time shall be devoted to the Literature of the Bible, and also young men who purpose to enter the Christian ministry. While such may have all the benefit of recitations in the College classes, they may also have instruction in the following course of Biblical study:

TEXT BOOKS.—The Bible (when it can be done,) read in the original languages; Ancient and Sacred Geography, and Chronology; History of the Jews—Josephus and Robertson; Prideaux's Connection of Sacred and Profane History; Horne's Introduction to the Bible, and the Christology of the Old Testament, with McEwen on the Types; Paley's Evidences of Christianity, and Natural Theology; Butler's Analogy with Tiff's Analysis; Eusebius' and Mosheims' Ecclesiastical History; and D'Aubigne's History of the Reformation; Watson's Institutes and his Biblical Dictionary, as a book of reference; Essays on Sacred Subjects.

Terms.

PREPARATORY DEPARTMENT.

First Division,.....	\$30 00
Second Division,.....	40 00
Contingent Fee in this Department,.....	3 00

COLLEGIATE DEPARTMENT.

In any of the Classes,.....	\$50 00
Matriculation Fee, (paid only once,).....	5 00
Contingent Fee,.....	3 00

NOTE.—1. All who enter either the Preparatory or Collegiate Department, must pay a contingent fee of THREE DOLLARS, to meet the expenses of Janitor, fuel, &c.

2. All who enter any one of the College Classes, as REGULAR or IRREGULAR students, must pay a Matriculation fee of FIVE DOLLARS, which is paid but once, for the entire course.

3. At the request of a parent or guardian, a student may enter upon any one or more of the College studies, in any of the classes, provided he pay the regular COLLEGE FEES, but such cannot graduate to a degree.

4. A student may enter at any time, and is charged with tuition from the day of admission to the CLOSE OF THE SCHOLASTIC YEAR; and it must be DISTINCTLY UNDERSTOOD, by parents and guardians, that after the admission of a student, there will be NO DEDUCTION FOR LOST TIME, except in cases of protracted sickness.

5. Payments are DUE IN ADVANCE, and are made to the Treasurer of the Faculty. The Matriculation and Contingent fees must be paid when the student's name is enrolled.

6. All damage done to College property will be charged to the student or students committing such injury.

N. B.—We call special attention to the above terms; and where the advance CASH payment cannot be conveniently made, a NOTE will be received, as an accommodation. THIS MUST BE OBSERVED BY ALL, as it is absolutely necessary, to secure the services of competent Instructors. Drafts on responsible houses will be received as cash.

PREPARATORY DEPARTMENT.

This Department is in connection with the College, and will be under the charge of a competent Principal, who will be assisted, when necessary, by one or more tutors; the whole being under the general supervision of the President.

Pupils are prepared in this Department for entering College, which they can do at any time, by standing a satisfactory examination before the Faculty.

COLLEGIATE COURSE.

The course of instruction is extensive and thorough, and every facility will be afforded for the acquisition of knowledge.

Each student will be required to have at least three regular recitations every day.

The course of study prescribed for each class, or its equivalent, must be thoroughly studied by every one who desires to graduate here. And students must not expect to be raised from one class to another until they have completed the studies therein prescribed; but the diligent and meritorious may finish the same as speedily as possible, there being no specified time for continuance in a class.

LITERARY SOCIETY.

There is a Literary Society in connection with the College, possessing some valuable books, the beginning of a Library. Donations to it are solicited from the friends of the College.

PUBLIC WORSHIP.

All students are required to attend the Reading of the Scriptures, and Prayers, every morning, in the College Chapel; and also Divine Service on the Sabbath, at such places of Public Worship as parents or guardians may direct.

EXAMINATIONS AND COMMENCEMENT.

There will be an examination of all the students, in the month of July, immediately preceding the commencement, except the Seniors. These, as candidates for honors, will be examined as early in the month of June as may be convenient.

The Commencement exercises are under the direction of the Faculty, and each Graduate must perform the part assigned him, or his Diploma may be withheld.

SESSION AND VACATION.

The Scholastic year consists of a session of ten months, beginning on the first Monday in October, and ending on the third Thursday in July, which is Commencement Day.

The interval between the Commencement and the first Monday in October, is the only vacation in the year, except a few days at Christmas.

THE LOCATION OF THE COLLEGE.

The College is duly chartered, with powers as full as any Institution of Learning in the State, and is located in the town of Sharon. It is protected by law from all drinking and gambling establishments.

The situation is healthy. The Canton Railroad is completed, within seven miles of the College. From thence Stages pass up or down every day.

The position of the village is central, and no town in the State can boast of a more moral community.

The Trustees have erected a large new brick building, which affords ample room for any number of students.

DISCIPLINE.

The discipline is firm, impartial, and vigilant. Particular attention will be paid to the cultivation of good manners and morals. To effect this, there will be a parental supervision of the conduct of every student, both in and out of the recitation room.

Each Professor will keep a class-book, and regularly notice the presence of the students, and the quality of each recitation.

Returns of the progress and conduct of each student will be sent to his parent or guardian at the close of each session, or oftener if necessary, that the patrons of the Institution may know the standing of those committed to our care.

DECLAMATION AND COMPOSITION.

The students of the Institution are required to declaim or compose, by classes, weekly; those of the Junior and Senior Classes deliver their own Compositions.

GENERAL RULES AND REGULATIONS.

All students who intend entering this Institution, must report themselves within twenty-four hours after their arrival in Sharon, and when allowed to visit their homes, must leave in the same length of time, except those who have permission to remain during the vacation.

Parents or guardians who intend sending their sons or wards to Madison College, are earnestly requested to have them present at the beginning of the session. The regular classes are then formed, and a delay, especially on the part of those who return, is a serious injury, and when that delay is protracted, it may prevent such from entering their classes.

Each student on being admitted, must pledge himself to obey the rules of the College.

Any young man unable to pay for his tuition as due, may have the same, to be paid two years after he shall have finished his course, without interest, and never to be put in suit; and any necessitous young man, intending to enter the Ministry of any Church, may have his tuition free of charge, in any of the classes, unless he abandon that intention.

LIBRARY AND MUSEUM.

In addition to the Libraries of the Professors, to which the students have access, the College possesses some valuable books, the foundation of a Library.

There is also connected with the Institution a Cabinet of Curiosities. Donations, both to the Library and Museum, are earnestly solicited.

APPARATUS.

In addition to the articles now in use, purchases are being made, and it is hoped that, by the liberal contributions of the friends of the Institution, it will soon be supplied with a fine set of Apparatus, for Experimental Philosophy and Astronomy.

BOARDING.

Good Board and accommodations can be had in Sharon and its vicinity, at from twelve to fifteen dollars per month.

BOOKS AND STATIONERY.

All the Text-Books, Stationery, &c., used in the College, can be had in Sharon or Canton, on reasonable terms.
